Member, A.I.C.C.Narayanadevarakere.
Bellary District.

From

The Sub-Committee appointed by the District Congress Committee, Bellary (for Tungabhadra Project Problems).

To

The Honourable Minister for Land Revenue,
Government of Madras.
Madras.

Honoured Sir,

Memorandum submitted by Shri.B.Ananthachariar, Advocate and Member of the Committee, Hospet.

In continuation of our Memorandum submitted to you on 28th January 1953, we beg to invite your kind attention to the following urgent matters amongst many others:-

I. Your kind attention is drawn to G.O.Ms.No.1500 dated 8th December 1952 which makes a harmful distinction between the residential and non-residential buildings in the matter of granting enhanced ex-gratia. This is urgent as awards are being passed day after day and any change in the award would involve long delay and legal difficulties. Our submission is that the distinction should disappear and same enhanced ex-gratia should be available for all buildings (including temples Mosques,etc).

II. Old building materials have been permitted to be purchased for the construction of new buildings in the new Rehabilitation centres at 25% of the cost and this has been confined again to "Residential Buildings". It excludes all non-residential buildings. This distinction is unjust and ought to go. The concession may kindly be made available to all. The town of Narayanadevarakere is to be vacated by the month of April and the necessary and useful building materials shall have to be transported at the earliest time Therefore, the matter is urgent and needs your earliest kind attention.

III. The people of the submersible area have been compelled to lose all their old jobs, trades, etc. Their sacrifice is great and no amount of ~~any~~ money compensation can be just and adequate and fulfill the lost jobs and business. As a matter of sympathy and to retrieve them to some extent their lost business; special consideration may be shown in the matter of contracts. bus-service, lorry service and other Government and quasi-Government undertakings.

IV Lastly, the award regarding land and houses may not ~~at~~ all be fair and ~~proper~~ Just. The price of 1941 to be the basis of the award in 1953 is highly problematical. There may be honest low assessment of the value in many cases. It is urged that the Government will be pleased to allow ex-gratia in all cases where the value has been questioned in a court of law. The refusal to grant ex-gratia may not be legal and constitutional and rejection of ex-gratia in such cases may be questioned as discrimination against some.

We hope and trust that early favourable orders will be passed.

We remain,
Yours faithfully,

Banavoyan.
Maniswamaiah Malada Patil

Rev Dept

The petition on pp1-2 above may be perused. This Dept is concerned with the request in item IV on p1 ante. for Connection with

a Similar representation reed from the Congress Sub Committee ~~from~~ previously, it was decided that as the Concessions already granted ~~by~~ in the matter of removal of essential parts building materials are liberal, there was no need to reconsider the orders of the Govt in the matter. Therefore, no action seems necessary on the present request of the Sub-Committee

The file may ~~now~~ lie ~~passed on to~~ transferred for ~~issuing~~ ~~making~~ reply to PW ~~in the ref to the requests relating to Removal~~ necessary with reference to the requests relating to Removal

What is the Concession Code I see the papers on file. I cannot make out much by this note

q.d. 5/3

To A.S

With ref. to the query of D.S above, it is submitted that the following Concessions on the removal of essential parts of buildings acquired by the Govt in the Submersible area have been granted.

(a) owners of dwelling houses receiving a basic Compensation of Rs 50 and less can remove the essential parts of those houses without payment of Cost.

(b) owners of ~~other~~ dwelling houses ~~in receipt of~~ receiving more than Rs 50/- as compensation can remove the essential parts of the houses acquired on payment of 25% of the value of the materials.

(c) owners of Shops, godowns, factories other Similar buildings receiving

4/ S

Compensation of Rs 200 and below can remove the material on payment of 50% of the actual value of the materials and those receiving over Rs 200 can remove the materials on payment of 75% of the actual value of the materials.

Also, the displaced families are allowed free transport of the materials. It will therefore be seen that the displaced families have already been granted liberal concessions. The grant of Compensation cannot be the same for dwelling houses as well as the buildings for non residential purposes. In the circumstances no action appears necessary in this regard on this request. The file may be transferred to PW for taking further action in regard to the requests relating to them.

To A.S.

The file has been sent to this deptt. with reference to the requests in items I, III & IV of the petition at pp 1-2 ante.

The request in item I viz. extending the concession of granting additional ex-gratia payment in respect of non-residential buildings was carefully examined by Govt. recently and it was decided that no reconsideration of the orders issued in GOs No. 5000 PW dated 5-12-52 was necessary.

As regards the question of payment of ex-gratia amount in cases of reference to Court, requested in item IV on p. 2 ante, it is submitted that the matter was considered in all aspects earlier and it was accepted that the revision of

20-22 NF 9 L F

the existing orders in force was necessary.

The request in item III on p.2 ante does not appear to have been examined before the extract of it may be communicated to the S.O., the Colls. and the C.E.S. for such action as they consider necessary. A draft memo is submitted for approval. After issue the file may be returned to Rev.
